

## Refreshing your Teacher Desktop Tools.

---

Occasionally, changes are made to the html page that is displayed on your desktop. Sometimes you may need to refresh the content so that it is as current as it can be.

1. Right-click on the blue space around or under the buttons. If you don't see "refresh" as an option, then you may have clicked on a button or an area not on the teacher desktop tools html page.
2. Select *Refresh*
